Instructions/Guidelines to be followed by the University/Institution

I. Disbursement of funds to University/Institutions

- The full amount of the grant sanctioned is being released as advance to the University/Institute.
- The amount spent by the institute on the conduct of STTP shall be adjusted on the basis of utilization certificate and detailed expenditure statement submitted by the University/Institution on the prescribed format along with other mandatory documents viz feedback form, copy of proceedings and completion report etc.
- The above said amount of grant shall be refunded back to AICTE if the Letter of Approval (LOA) / Extension of Approval (EOA) is not issued by AICTE to the institute for the academic year 2020-21.

II. Maintenance of Accounts

- The Institute shall strictly follow the provisions laid down in the scheme document as available on the portal.
- Funds covered by this grant shall be kept separately and would not be mixed up with other funds so as to know the amount of interest accrued on the grant.
- The University/College/Institute shall maintain proper accounts of the expenditure out of the grants, which shall be utilized only on approved items of expenditure.
- The grant is intended to cover items of expenditure connected with the Short Term Training Programme such as Boarding & Lodging to the participants, TA to outstation participants, Honorarium to Course Coordinator, reading material to participants, Honorarium to resource persons, TA/DA to resource persons including two outstations resource persons & working expenses (reprographic services, postage, transport, daily wages, tea/coffee etc).

III. Conduct of test and issuance of certificate

A test shall be conducted by Program Monitoring Committee (PMC) at the end of the program and joint certificates shall be issued (by AICTE & conducting institute) to those participants who have attended the program and have scored minimum 60% marks in the test.

IV. Submission of Documents by the University/Institutions to AICTE

- The following mandatory relevant documents are required to be submitted by the University/Institution within one month of the completion of the program:
 - Original Statement of actual expenditure & Utilization Certificate in the prescribed proforma duly signed by the Head of the institution and countersigned by Registrar/Finance Officer/Govt. Auditor. In case of self-financing/private institutions, Statement of actual Expenditure & Utilization Certificate are required to be audited & signed and sealed by a Chartered Accountant endorsing the membership number and complete postal address. Format for the same is available on AICTE web portal.

The University/Institution is not required to submit bills/vouchers/invoices etc for the expenditure incurred out of recurring grants. However, such copies of bills/vouchers/invoices shall be digitized by respective institutions receiving grant and uploaded scanned copies of such bills/vouchers/invoices etc on the portal for availability and view at any point of time.

- (ii) Feedback form in the prescribed proforma.
- (iii) Copy of the proceedings and completion report.
- (iv) List of candidates who have successfully completed the program on the basis of the test conducted by Program Monitoring Committee (PMC).
- (v) Report submitted by Program Monitoring Committee (PMC).

- b. The amount of the grant shall be adjusted on submission of utilization certificate & detailed expenditure statement by University/Institution. On receipt of these documents, the total amount of financial assistance, admissible as per the norms, shall be worked out and grant-in-aid adjusted.

V. General instructions

- a. Preferably 10% of the participants may be industry professionals deputed by industry. Further, not more than 2 participants shall be from the host institution/group of institutions.
- b. The grant released/or part thereof, if remains unutilized for any reason after expiry of stipulated time period (for any reasons to include unspent amount, interest, penalty if imposed) shall be refunded back to AICTE in the form of RTGS payable to Member Secretary, AICTE, New Delhi. The bank details of AICTE are as under-

Account No	:	55113199952
Name of the Account Holder	:	Member Secretary, AICTE, New Delhi
Bank Name	:	State Bank of India
Branch Name	:	Shastri Bhawan, New Delhi
IFSC Code	:	SBIN0050203

- c. The STTP is a residential program of a duration of six days with minimum 40 participants. The approved STTP shall be conducted within six months from the date of release of funds.
- d. If programme is not conducted within the period of six months of the release of the 100% grant, the released amount, alongwith interest accrued thereon, has to be necessarily returned back to AICTE within a month through RTGS.
- e. The expenditure under the Heads 'Honorarium to Course Coordinator' and 'Honorarium to Resource Persons' shall not exceed 1% & 20% respectively of the total sanctioned grant for the Programme. However, overall expenditure shall not exceed the funds sanctioned for the Programme.
- f. Any extra money required to complete the programme must be borne by the institute from their own resources. But the quality of the activities should not be compromised.
- g. Any unavoidable circumstantial change in the program with respect to name of Project Coordinator, Venue and date for organizing STTP would mandatorily require prior approval of the Council. All such requests should be addressed to AICTE, in advance, recording the specific reasons for proposed changes, failing which the offer for the grant already issued would be treated as automatically withdrawn and the financial assistance released in favour of the beneficiary institution shall be refunded immediately to the Council. Kindly mention the File No. 34-66/427/FDC/STTP/Policy-3/2019-20 in your future correspondence.
- h. **Steering Committee/Project Monitoring Committee (PMC)** is required to be constituted at institutional level. The constitution of the PEC shall be as under:
 - (i) Principal/Director/Registrar of the Institution (Chairperson).
 - (ii) Coordinator of the program (Member Secretary).
 - (iii) Two HoDs and one subject expert (members).

Report:

Under the initiative taken by IQAC to promote the use of ICT enabled tools in teaching, Mr. G. K. Lohiya conducted the session on "Effective use of online platform in teaching learning" on dated 8th Dec 2018 in seminar hall of the college. He covered details that included

1. Google classroom
2. YouTube Videos
3. Moodle site creation
4. Word press
5. Flipped classroom
6. TPS constructor

He had given detailed demonstration on Google classroom creation, how to enrolled students in classroom. How to upload assignments and study material? He also briefed about the moodle platform but the participants limit is only 50 restricted to the moodle platform and hence most of the attendees showed less interest on the same. Few technical query like how to mark upload study material, how to give assignment, time bound assignments were asked by Ms. Pradnya Gondane. The queries were resolved through demonstration mode. Almost all faculties were decided use blended teaching learning method in their pedagogy. Mr. G. K. Lohiya added at the end that he is available at any time for individual queries and guidance if any faculty found difficulty in application and implementation of the contents.

Computers in Drug Design

Two Days Training Workshop

3rd and 4th March, 2018

Computational techniques are the integral part of the new drug discovery process. This training workshop will impart the practical training on some of the widely used computer based techniques in drug designing. It will cover topics like, QSAR, Pharmacophore mapping, Virtual screening and Molecular Docking. Highly recommended for postgraduate students, research scholars and faculty members.

Subject: Invitation for conducting training workshop on "Computer aided drug design".

Dear Sir,

This is here to invite you to conduct a two day training workshop on "Computer aided drug design" at Gurunanak College of Pharmacy on 3rd and 4th March, 2018. This workshop will be attended by postgraduate students from different pharmacy colleges of the region. The objective of the workshop is to make students understand the basics of 2D QSAR, 3D QSAR, Molecular docking, Pharmacophore mapping and virtual screening with the help of various software applications and animated models.

Please accept our invitation and give us your consent.
Thanking you in anticipation.

ABOUT THE COLLEGE

Gurusank college of pharmacy Nagpur was established in 2004 under the aegis of The 88th education society Nagpur recognized by AICTE and affiliated to KJ Somaiya University Nagpur. The college has completed 14 years of dedicated and excellent service in the field of technical education. The college offers UG, PG and pharmacy. The college is well known for its technical excellence, modern facilities, record of performance with excellent results and emerging students. The college is NAAC accredited as well as received NEET ranking.

ABOUT THE THEME

Use of computational techniques in drug discovery and development process is rapidly gaining its popularity, implementation and application. There is an ever growing effort to apply computational power to the complex chemical and biological space in order to streamline drug discovery, design, development and optimization. In biomedical areas, computer-aided de novo design is being utilized to optimize and facilitate hit identification, hit-to-lead selection, optimize the absorption, distribution, metabolism/excretion and toxicity profile and avoid safety issues. Regulatory agencies as well as pharmaceutical industry are actively involved in development of computational tools that will improve effectiveness and efficiency of drug discovery and development process. Increase use of virtual and increase productivity. It is expected that the power of Computer aided drug design and development (CADD) will grow as the technology continues to evolve. CADD is being utilized to identify lead active drug candidates, which leads to early candidates for further optimization and optimize lead to streamline biologically active compounds like molecule design by integrating first physico-chemical, pharmacological, ADMET/TOX, pharmacokinetics properties. Therefore backbone of academic institutions as well as industry are required to be updated and trained. It should be expected that CADD has an immense potential in today's drug development era and knowledge as well as expertise of computer in drug development process. This expertise and training in such areas will advance to faculty and students and will be requirements of Pharmaceutical industries.

CONTENTS
