### Policy Document on Environment and Energy Usage

Gurunanak college of Pharmacy is concerned about the environment and therefore is committed to contribute its bit to the protection of environment with the best of its ability. The policy applies to the whole institution, all of its members and is applicable to all the activities.

Following are the salient objectives of the policy:

- To continue with the tree plantation drive in order to increase the green cover of the campus.
- To replace the existing lights with the LED lights wherever possible.
- To plan to use the solar powered lights.
- To plan to use the sensor based lights in wash rooms and staircases.
- To minimize air pollution in and around the college by using public transport or shared vehicles and encourage carpooling.
- To tap rain water by constructing rainwater harvesting pits.
- To reuse the organic solvents in order to control pollution
- To minimise the use of hazardous chemicals
- To promote green chemistry
- To train staff and students regarding the conservation of water and electricity
- To create awareness in the local community about conservation of water and electricity

This college policy on ENERGY USAGE AND ENVIRONMENT is available on the college website and is regularly monitored by the Principal.
